### JUDGES COMMENTS

A very good class of birds and we were very impressed with the quality. The first bird stood out right from the start. It is a good powerful bird, strong with good blow and power. It is down a little on spot positioning as it has one correct spot missing but has another spot left there so it has the right number of spots.

Spangle D\F Class

1<sup>st</sup> Double Factor Spangle

## JUDGES COMMENTS

This was not an easy class to judge as there were fourteen top quality birds benched. We checked all the eyes to ensure they all had iris rings as a lack of this feature is becoming a problem on the show bench. They are all very good coloured birds. The first place getter has outstanding head and feather. This bird has so much feather we could not say for sure that it has iris rings but has wonderful size and balance – it has the lot

**Not an easy class as we had problems with flecking. Very difficult to penalise as we have super birds with flecking against lesser quality birds with no flecking. First place getter is a big strong hen which is flecked. It is a good showy bird with lovely shoulder, width, head and feather. She tended to sit with her wings positioned incorrectly and needed stirring.**
