JUDGES COMMENTS

Having come from Europe sixteen years ago I was fascinated with your wonderful Clearwing variety with their beautiful contrasting pure yellow or white wings against their full body colour. Over my recent visits I have noticed the marking appearing more on the wing as you get size and head qualities but today the winner is a wonderful example of what a Clearwing should be like.

First owned by Tevelein Family (Vic) is a magnificent Clearwing Skyblue cock. Excellent bird for the variety, good length, wide face, excellent contrast of body to wing. Really white wings which gave this variety the name.

2nd Clearwing
