JUDGES COMMENTS

A pleasure to judge this class as it was strength to the end.

First in cage F owned by Ray Slade from Victoria picked himself as he is a very powerful bird and everything you want in a modern day bird. He has good shoulder, solid squareness, good directional feather and is a brute of a bird.

JUDGED BY: Stephen Mow & John Mulley

2nd Green

JUDGES COMMENTS

This was a challenge of a class because of some issues.

First owned by Garry & Helen Hibberd from South Queensland is a lovely Cinnamon Spangle hen. It caught our eye as it has stood and shown the whole time. She is steady and gives her all. She is a really good bird.

JUDGES COMMENTS

Second owned by Garry & Helen Hibberd from South Queensland. There is a problem that as we are searching for more feather, we are getting issues in the wings. This bird has a magnificent face and is beautiful bird, but he has really heavy wings which upsets the outline and ruins his appearance. But he is a power budgie

JUDGES COMMENTS

A beautiful class of birds. It was not an easy class to judge as the top three placings are totally different style of birds.

First owned by Garry Edwards from South Queensland, has lovely contrast between the cobalt body colour and the white. It is a good modern bird with dense feather and thick all the way through.

JUDGED BY John Mulley & Steven Mow

Mal Lawn SQ

2nd Dominant Pied

JUDGES COMMENTS

Second owned by Mal Lawn from South Queensland, has very loose feather. From the shoulder up it is a triangular shape and not square as we like.

It is a little out of condition. There are a lot of loose feathers on the cap, and it appears the carers have don a great job on cleaning up the cap as it would have been a problem to prepare.

It is a lovely budgie

JUDGES COMMENTS

Third owned by Henry George from South Queensland, has enormous length that the others haven't. He has a lovely release of feather but not as much directional feather.

JUDGED BY John Mulley & Steven Mow

Eric Whitton NSW

4th Dominant Pied

JUDGES COMMENTS

Fourth owned by Eric Whitton from New South Wales is similar to the winning bird with directional feather but not the body length.

A great class to judge but unfortunately, we had to disqualify three birds.

First owned by M & R Randall from Victoria, showed itself the entire time. It is a nice bird with good stance and just shows well.

JUDGES COMMENTS

We thank the other two judges for allowing us to judge the Hens class which is always “the class to judge”.

First owned by Ian Hunter from Victoria, is a Cinnamon hen who has shoulder, shape and deportment and feather direction, mask and impact. A super hen and is a credit to the breeder.

We are sorry for the other birds who were up against this super hen.

JUDGES COMMENTS

This is an exhibition class again for this year, but as of next year there will be points allocated. Unfortunately, there is no Standard yet, so we have just had to go with type etc.

First is owned by O'Callaghan Family from North & Central Queensland, was a standout and is a beautiful Cinnamonwing hen with directional feather, unfortunately a little suffusion through the top but because there is no Standard, she is a clear winner.
