**Meeting venue: Bracken Ridge Hall, Corner. Bracken & Barrett Streets, Bracken Ridge. Doors open 7pm for 7.30pm start.**

Thursday, September 8 was our Boost your Stock night and what a great night it was. We had some super birds at some great prices with even four great quality birds donated by the partnership of NHG Budgerigars. For those that didn't come, you missed out.

Our tableshow next Thursday on October 13<sup>th</sup> is a double header.

First we have Peter McCormack speaking for 30 minutes on his experiences breeding the true Australian Budgerigar. This should be extremely interesting both for pet and serious breeders as they gain an insight into the differences between the two types of birds.

Peter's presentation will be followed by a power point presentation on genetics especially Sex Linkage. By the end of the night, you will be able to tell what youngsters you should breed from many different pairings even before they hatch. A night not to be missed!

The **table show** will be 2021 Young Birds & 2022 rung Nestfeathers, Young and Juveniles so bring them along to get an idea of how you are progressing in your breeding room as well as giving your birds show training.

### **Birthday celebrations:**
